Meet Emari, a star student in the Alabama First Class Pre-K program at the Greater Birmingham Northeast YMCA, proudly supported by the Alabama Power Foundation. Emari loves math puzzles, pizza and orange cars. According to his teachers, Emari experienced exceptional growth in First Class Pre-K, finishing pre-K ready for “big school” and excelling in elementary school due to a strong grasp of foundational concepts.

The Alabama Power Foundation is proud to support educators and initiatives that help students become more intelligent, engaged and prepared for their futures.

Since 2018, we’ve awarded \$10 million through over 1,300 grants to build and sustain educational programs from pre-K to 12th grade. We’re excited to support students like Emari as they grow and take on life. With a strong educational foundation, we can break down barriers and power a better Alabama for generations.
